

SILTSOXX®

Compost Filter Sock

Now a part of the MKB family — Filtrexx SiltSoxx.

Easily installed for a variety of construction applications, SiltSoxx reduces the labor cost required for installation and maintenance, while delivering optimal performance.

Common applications include perimeter control, inlet protection, check dams, and slope interruption.

SiltSoxx is prefilled with certified FilterMedia™, ready to ship, and easy to install. Available in a variety of sizes, configurations, and netting materials for any project requirements.

SiltSoxx is also available in two natural netting options, eliminating the need for field removal.

ORIGINAL Netting:

- The most widely recognized & used polypropylene netting in the industry
- Available in classic green/black stripe

NATURAL ORIGINAL Netting:

- 100% Biodegradable Cotton fiber
- Functional field longevity up to 12 mo.

NATURAL+ Netting:

- 100% Biodegradable Wood fiber
- Functional field longevity up to 18 mo.
